

WELCOME TO ELLIS SOBER HOUSE FOR MEN

Ellis Sober House for Men is a traditional sober house located in Milford and East Haven, CT where residents can live and learn how to recover from alcohol or substance abuse. Our house provides a clean sober living environment which will help them on their road to recovery.

In any group of individuals, there must be standards for behavior and expectations for participation. At Ellis Sober House, these standards are based on practical needs. We want to help you build self-respect, foster self-discipline, and become a part of a recovery-based community. Establishing a chemical-free community life with other residents is essential.

At Ellis Sober House, you are responsible for your own treatment and recovery. We are here for you every step of the way holding you accountable. You will become part of a community with other recovering people where cooperation and consideration for others are cornerstones of the program.

Foundations of our program include consistent employment, volunteering, or education in a recovery-safe environment; building a trusting relationship with a Sponsor; and adherence to our Program Guidelines. ESH standards promote self-discipline, which is required for full acceptance of any 12-Step program. These standards are essential to your health, safety, and welfare. They are not to be viewed as disciplinary or punitive measures.

We sincerely want you to be an active participant in your own recovery process. There is one goal at ESH - RECOVERY. Do not try to change the program; work on changing yourself.

Sincerely,

Nicole Fournaris

CEO/President
